

-- 83. The method of Claim 68 wherein said light is applied by a light source selected from the group comprising fiberoptic bundles, hollow-core optical waveguides, liquid-filled waveguides, light emitting diodes, micro-lasers, monochromatic lasers, lamps, continuous wave lasers, and pulsed lasers. --

*a<sup>1</sup>  
cont* -- 84. The method of Claim 68 further comprising the step of purging excess agent after said agent has been applied.--

-- ~~85~~. A method for treatment of diseased tissue, said method comprising the steps of:  
applying Rose Bengal to said diseased tissue so as to cover, perfuse, permeate or saturate said diseased tissue; and

applying visible light to said diseased tissue, wherein said visible light penetrates said diseased tissue and activates said Rose Bengal to treat said diseased tissue.--

-- 86. The method of Claim 85 wherein said agent is in a topical formulation. --

-- 87. The method of Claim 85 wherein said agent is in a systemic formulation.--

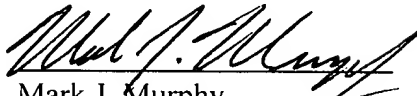

#### REMARKS

Applicants are submitting herewith new claims in order to further claim the subject matter of the present application. It is believed that the subject matter of each of these claims is disclosed in the specification as filed for the present application. Accordingly, it is believed that no new matter

is being introduced. Therefore, it is requested that this amendment be entered in the present application.

Favorable consideration is earnestly solicited.

Respectfully submitted,

  
Mark J. Murphy
